

The Operation of the Building in Na Příkopě 29 Will Be Limited

Due to an energy-saving reason, the operation of the Česká Spořitelna building will be limited from 23 December 2022 to 12 February 2023. Though only slightly heated, its premises will remain accessible. Employees may briefly come in to deal with paperwork, but staying there throughout the working hours will not be possible due to the cold temperature.

Activities, including the State Examination and regular examination, will be moved to other buildings of CU FA. Similarly, no events for students can be organized there.
