EVALUATION

SUMMER SEMESTER 2023

FACULTY OF ARTS
Charles University

BA and follow-up MA study students evaluate their courses in each semester, always near the end or after its duration. You may evaluate in a unique anonymous electronic application.

At the beginning of the evaluation, all students receive click-through access by email that leads directly to the application where the courses they enrolled in SIS will appear. You may evaluate them fully or partially, all at once or finish them later – there is a save option for unfinished evaluations. The evaluation app is also available on evaluace.ff.cuni.cz after you log in. You may switch to English in the upper left corner.
