General information about Visegrad Fund exchange

The International Visegrad Fund was founded on June 9, 2000 in Bratislava as an international organization of the governments of the Visegrad Four nations (Czech Republic, Hungary, Poland, Slovakia).

The purpose of the fund is to facilitate development and closer cooperation between these nations. It is meant to support cultural, scientific and educational projects, the travel of young people as well as tourist journeys. Individual support is centered on various stipend programs (support for studies in these countries, support for students from, for example, Albania, Azerbaijan, Belarus, Macedonia, etc.).

For more detailed information please see the webpage of the Visegrad Fund.
