## Language Centre

### Types of courses

- **Progressive courses** offered at three levels according to students' initial skills (I, II, III, at the levels A2/B1, B1.2, B2), leading the students towards B2 level

exams.

- **Specialised courses** (LAP – Language for academic purposes) focus on developing students' academic skills and require advanced language skills (minimum at the B2 level).

## **Courses organisation**

The language of instruction is the respective foreign language (e.g. German courses are taught in German), except for courses at the lowest level (Course I) and Latin courses, which are mainly taught in Czech and therefore are not suitable for Erasmus students.

Once the course requirements are fulfilled, students receive 3 ECTS credits and a mark (1, 2, 3 – pass, 4 – fail).
